

Module 06: "Which Side Are You On?" The Flint Sit-Down Strike, 1936-37

Evidence 25: Union Membership in Private, Non-Agricultural Employment

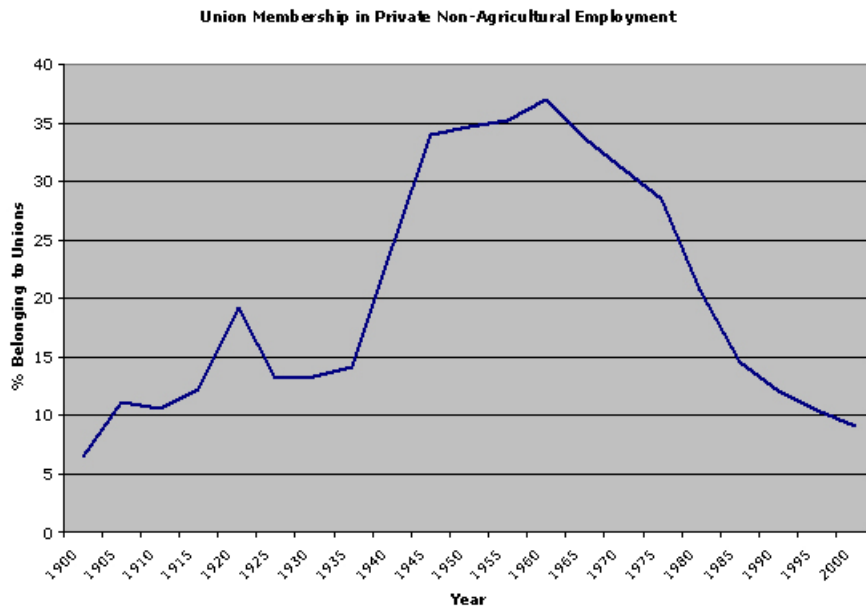

Introduction

The graph below charts general trends in union membership in private, non-agricultural employment.

Questions to Consider

- What general trends in union membership does the graph reveal?
- Which year(s) experienced the lowest rate of union membership in the private sector? the highest?
- What accounts for the steep upward slope of the graph beginning in the mid-1930s?
